

## **Gamze Yıldız**

Civil Engineer | [gmzee.yldiz@gmail.com](mailto:gmzee.yldiz@gmail.com) | [www.linkedin.com/in/gamze-yildiz-2017](https://www.linkedin.com/in/gamze-yildiz-2017) |  
Ankara, Türkiye |

---

### **Career Objective**

Aspiring structural engineer with a foundation in civil and water resources engineering, currently pursuing a graduate degree in Structural Engineering at METU. Passionate about resilient, sustainable design with a focus on seismic and offshore structures.

---

### **Education**

**Middle East Technical University (METU)**, Graduate School of Natural and Applied Sciences

*MSc in Structural Engineering* | 2025 – Present

**Gazi University**, Faculty of Engineering

*BSc in Civil Engineering* | 2018 – 2023

**Gazi University**, School of Foreign Languages

*English Preparatory Program* | 2017 – 2018

---

### **Professional Experience**

#### **Civil Project Engineer**

**PRODIM Engineering, Ankara** | Sept 2025 – Present

- Supported infrastructure and drainage system design for international projects.
- Collaborated with multidisciplinary design teams across civil, architectural, and mechanical disciplines.
- Contributed to military and public airport projects, supporting design development and technical documentation.
- Worked in an international team environment with engineers from diverse backgrounds, ensuring coordination and compliance with project standards.

#### **Civil Project Engineer**

**FENSU Engineering and Energy, Ankara** | Oct 2023 – May 2025

- Prepared hydraulic modelling and reporting using HEC-RAS and Civil 3D.
- Performed structural design reviews and drawing preparations.
- Supported infrastructure and drainage system design for energy projects.

## **Intern Engineer**

**DOLFEN Engineering and Consultancy, Ankara** | July 2023 – Aug 2023

- Performed detailed stability analysis of quay walls under static and seismic conditions using the Coastal and Port Structures Earthquake Code.
- Computed soil and hydrostatic pressures, surcharge loads, and mooring forces, and analysed their effects.
- Assisted in pushover analysis of piles using SAP2000.
- Gained hands-on experience in the technical design processes of port and marine structures within a multidisciplinary engineering team.

## **Intern Engineer**

**GÜN Construction, Istanbul** | July 2021 – Aug 2021

- Conducted site inspections and supervised reinforcement installations on active construction sites.
- Developed practical experience in project execution, quality control, and contributed to cost estimation through unit price analysis and quantity take-offs.

---

## **Technical Skills**

AutoCAD | MATLAB | SAP2000 | OpenSees | XTRACT | HEC-RAS | Civil 3D | MS Office Suite

---

## **Languages**

English | Advanced

French | Intermediate

---

## **Certifications & Courses**

- **Sustainable Leadership in the Age of Technology**, WTECH & GEG | Dec 2022 – June 2023

---

## **Scholarships & Achievements**

- **Limak Foundation – Global Engineer Girls (GEG)** | Scholarship Recipient | 2019 – 2023

---

### **Volunteer Experience**

- **Volunteer Mentor**, Global Engineer Girls (GEG) | 2023 – Present
- **Volunteer**, LÖSEV (Foundation for Children with Leukaemia) | 2022 – Present
- **Volunteer**, Bambu Education Platform | 2020 – Present

---

### **Exam Scores**

- METU English Proficiency: 73.5/100 | Dec 2024
- YDS (English Proficiency Exam): 90/100 | Jul 2024
- ALES (Academic Personnel and Postgraduate Education Exam): 79/100 | Jul 2024
